ic audio – 25+ Years Innovative Loudspeaker Design

Established over 25 years ago, ic audio has been a manufacturer and worldwide supplier of public address, voice alarm and network loudspeakers.

Innovative product engineering 'Made in Germany', OEM solutions with EN54 certification and custom-made design, are developed in the company head-quarter in Mannheim.

The ic audio product line features a wide range of EN54-24 voice alarm loudspeakers, as well as cutting edge IP and WiFi network loudspeakers. The EN54-4 Emergency Power Supply Manager complements our impressive array of products.

Innovative Partner for Loudspeaker

Through technical innovation, ic audio has been a driving force in the development of public address systems for more than 25 years. We continuously invest in technological progress because innovation is the foundation of competitiveness and therefore ensures your future success. This includes the certification of our products which guarantees you the latest technological standard.

The high level of ic audio's innovative capacity is best illustrated through the wide product range developed over the years – from outstanding high-performance loudspeakers, intelligent electronics through to effective voice alarm solutions.

A portfolio of over 180 EN54 certified products demonstrates our industry strength and know-how. With the further development of flexible network-based loudspeaker systems, we show our drive for constant renewal.

Focussing on Customers

We know your needs and wishes because we ask. We listen to your answers because we want to understand. Together we develop solutions to your specifications. Reliably and with passion. All over the world.

Leading through Innovation

We know how to generate new creative impetus. Through continuous development and expansion we drive the market forward. We are not standing still because you aren't. Innovation is our motor, your needs our motivation.

Developing from Experience

Our productivity arises out of many years experience. High-end product solutions are the foundation of what makes us a strong partner. You can trust us.

Experienced OEM Specialist

Together we develop economical, market-specific products which will meet all your requirements.

Services for our OEM Partners include:

- _ Implementation of EN54 product certification
- _ Country-specific solutions and certifications
- _ Special-purpose solutions:
mounting systems, weather proofing, special builds for big projects
- _ Customised design and finish
- _ Individual product labeling
- _ OEM product launch support

ic audio Manufacture – Made in Germany

We offer a complete 'Made in Germany' production with certificate of origin for small and medium sized series. In our Mannheim headquarters we've set up a modern production line. Here we manufacture loudspeakers from chassis to finish.
